

Free NYSTTTA Webinar for Employers: Hosting a Successful Work Experience

Friday, May 20, 2022; 12pm EST

Are you planning on hosting one or more students for a job shadow, internship, or other kind of work experience? Do you want to make sure that you and your employees are prepared to make it a meaningful activity that helps to prepare the next generation of workers for your industry?

The New York State Trade & Technical Teachers Association (NYSTTTA) is hosting a webinar for employers on hosting a successful work experience! Join presenter Brett Pawlowski, co-founder of NC3T and author of the *Employer Engagement Toolkit*, to learn how to prepare and host students during their work experiences to improve the quality of their experience and improve your outcomes at the same time.

We'll talk about what work experiences are, preparing for the experience in partnership with your Work Experience Coordinator, being ready for Day One, hosting regular check-ins, and evaluating the student and the experience. We'll wrap up with a Q&A to make sure your questions get answered.

Join us for this free webinar on **Friday, May 20** at **12pm EST** by registering at the link below:
