________________ ____________

☐ Students in an approved CTE program must pass an industry-approved _____Yes _____No
technical assessment and 5 Regents exams to earn a technical endorsement on their diploma.

☐ A consortium of local, regional, State business/industry representatives may be formed in the
absence of an appropriate technical assessment to produce such an instrument.  
_____Yes _____No

☐ The district ensures that the consortium adequately represents current business/industry
standards for agriculture.  
_____Yes _____No

☐ Alternative testing modifications are/will be provided, as appropriate, for _____Yes _____No
students with disabilities.

☐ All technical assessments must include 3 parts-- written examination(s), student projects,
and student demonstration(s) of technical skills.  
_____Yes _____No

☐ The district has procedures in place to:

   a. Establish the number of times a student may take the technical assessment.  
       _____Yes _____No

   b. Schedule and administer the technical assessment either at the conclusion of 
      the program or throughout the student’s learning experience.  
       _____Yes _____No

   c. Counsel CTE students to understand that failure to complete the 
      technical assessment will not be denied graduation status but may not 
      receive a Career and Technical endorsement on the high school diploma.  
       _____Yes _____No
